

YOUR INTRODUCTION TO **YourSource**

Your**Source** is a free support program that works with you throughout your Oxbryta treatment

Get started with our checklist on the last page.

DIANA

Mother, outdoors lover,
and YourSource™ Care
Team Nurse

HERE FOR YOU, HERE WITH YOU

We see your strength and resilience, and we know that managing your Oxbryta® (voxelotor) treatment can be a lot. That's why we'll work with you to help you understand the necessary information and steps required to receive your medication, go over financial assistance programs you may qualify for,* and access additional support resources. We're here for you so you can continue Oxbryta as prescribed by your healthcare provider.

*Please see terms and conditions on page 4.

YOUR SUPPORT CIRCLE JUST GOT LARGER

As we work together, the YourSource Care Team will rally around you with ongoing resources and support for Oxbryta. Meet the team dedicated to helping you.

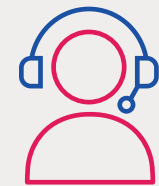

Your Care Coordinators will:

- Help you understand your insurance benefits
- Review and provide information on financial assistance programs based on eligibility*

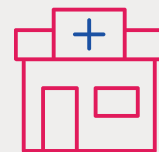

Your Access Navigators will:

- Contact you to schedule an introductory session that gives information about the support provided by YourSource throughout your treatment if you opted in on the Patient Authorization and Consent Form

Your Nurse Support Team will:

- Answer your general questions about Oxbryta
- Provide education to help you start and continue treatment as prescribed by your healthcare provider
- **NOTE:** Our Nurse Support Team doesn't provide medical advice or case-management services. Always talk with your healthcare provider if you need guidance about your specific condition or overall health

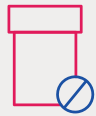

Your Specialty Pharmacy will*:

- Reach out to coordinate delivery of Oxbryta
- Follow up to make sure it's delivered
- Assist with getting Oxbryta refills authorized as needed
- Answer general questions, any time (pharmacist available by phone 24/7)

*The Specialty Pharmacy does not replace the role of your healthcare provider. Please talk to your doctor if you need guidance about your specific condition or overall health.

YOUR STEP-BY-STEP LOOK AT GETTING STARTED*

1 First, your healthcare provider will get you started by completing the prescription portion of the Enrollment Form to prescribe Oxbryta.

2 Next, you'll need to complete, sign, date, and submit the Patient Authorization and Consent portion of the Enrollment Form.[†]

3 Then, your Care Coordinator will call to welcome you to YourSource and answer your questions about the program. Expect a call from **(833) 428-4968**.

4 Your Care Coordinator will help you understand your insurance benefits.

5 Your Care Coordinator will work with you to help you understand what financial assistance programs may be available to help you cover the cost of treatment.[‡]

6 Your Specialty Pharmacy will call to schedule Oxbryta delivery. It's important to answer the call.

*Process is subject to variability per patient's coverage type.

[†]If you decide to enroll in YourSource, completion of the Patient Authorization and Consent portion of the Enrollment Form will enable YourSource to start helping you through treatment with Oxbryta.

[‡]For qualifying patients.

Wife, mother, nurse, and enrolled YourSource member

YOUR WAY TO FINANCIAL ASSISTANCE

We know at times you may worry about paying for treatment. We're here to work with you to explore possible solutions and help determine which financial assistance programs you might qualify for.

Maya

(not an actual YourSource member)

Maya is an example of an eligible YourSource member who is covered under her parents' private insurance, with a copay of \$80. Like more than 90% of commercially insured YourSource members who use the YourSource Commercial Copay Program, her parents pay \$0 for her Oxbryta treatment.*†

Do you have private health insurance?

If you or your loved one has commercial, private, employer, or state health insurance marketplace coverage, you could pay as little as \$0 per month for Oxbryta® (voxelotor), with a maximum benefit of \$15,000 per calendar year.*

If you're eligible, the **YourSource™ Commercial Copay Program** could provide financial assistance with out-of-pocket deductibles, copay, or coinsurance costs.*†

*Subject to eligibility and certain limits, terms and conditions, and annual reenrollment requirements.

†Patients will receive a maximum benefit of \$15,000 per calendar year. Patients are not eligible for the YourSource Commercial Copay Program if they are enrolled in a state- or federally funded insurance program, including but not limited to Medicare, Medicaid, TRICARE, Veterans Affairs healthcare, a state prescription drug assistance program, or the Government Health Insurance Plan available in Puerto Rico. For full terms and conditions, visit YourSourceSupport.com.

‡This is an example representative of YourSource data (November 2019-September 2022). You may have a different experience based on your insurance coverage.

Joshua

(not an actual YourSource member)

Joshua is an example of an eligible YourSource member who is uninsured. He applied to and was approved for the Pfizer PAP for eligible YourSource members and receives his Oxbryta treatment for free.*§

Kevin

(not an actual YourSource member)

Kevin is an example of an eligible YourSource member who has a government-funded insurance plan. He applied to and was approved for the Pfizer PAP for eligible YourSource members and receives his Oxbryta treatment for free.*†§

Are you uninsured?

If you or your loved one does not have health insurance, YourSource may be able to help you find programs that provide assistance. We'll check to see if you're eligible for a government program that can help pay for prescription medicines through Medicaid. If you appear to be eligible, we'll guide you on how to apply. We'll see if you're eligible to receive up to a 90-day supply of Oxbryta for free while applying for Medicaid.

If you do not qualify for Medicaid, you may be able to receive your medication for free for up to 1 year through the **Pfizer Patient Assistance Program (PAP)**.*§

Do you have government-funded health insurance?

If you or your loved one has Medicare/Medicare Part D, Medicaid, TRICARE, or another government insurance plan, YourSource may be able to help identify financial support resources. We can assist you with searching for financial support from alternate funding resources, which may include financial assistance through Extra Help, a Medicare Part D Low-Income Subsidy (LIS) program. If support from alternate funding resources or Medicare Extra Help is not available, we'll see if you're eligible for the **Pfizer Patient Assistance Program (PAP) for Free Drug**.*†§

§The Pfizer Patient Assistance Program is a joint program of Pfizer Inc. and the Pfizer Patient Assistance Foundation. Free medications from Pfizer are provided through the Pfizer Patient Assistance Foundation. The Pfizer Patient Assistance Foundation is a separate legal entity from Pfizer Inc. with distinct legal restrictions. If you have a Medicare Part D plan and are eligible for the Pfizer Patient Assistance Program, YourSource will notify your Part D plan of your enrollment in the Pfizer Patient Assistance Program.

**YOUR SUPPORT
 YOUR WAY**

There are a range of support options and resources available to you. You can decide which you use and how, so YourSource can provide assistance in a way that works for you.

**Text
 Messages**

Scan/click to sign up and have a digital assistant right in your pocket. The YourSource Text Support Program will send you information throughout your Oxbryta® (voxelotor) treatment journey.

Emails

Scan/click to get helpful program information sent right to your inbox. Visit the YourSource website, or give us a call to sign up and learn more.

**Support
 Organizations**

Scan/click to use our Locator Tool and connect with community-based and national organizations that may offer additional support in your area.*

*These resources are independent of Pfizer, are meant to be informational only, and are not intended to replace medical advice.

YOUR START CHECKLIST

Let's work together to get you started with receiving the additional support you deserve. Your healthcare provider will begin the enrollment process. Follow this checklist to help complete your part.

- Your healthcare provider will complete their part of the Enrollment Form
- Carefully read and complete the Patient Authorization and Consent portion of the Enrollment Form (which will be provided by your doctor, emailed, or texted to you)
- Be sure to fill out all the fields on the Form, and sign and date as soon as possible so your prescription isn't delayed
- If you choose to opt in, check all boxes on the Patient Authorization and Consent Form to receive information via text and email from Your**Source**
- Complete the Pfizer Patient Assistance Program (PAP) Application for Free Drug if you need assistance paying for treatment or believe you may need assistance in the future
- Expect a welcome call from a Your**Source** Care Coordinator to explain the program (TIP: Save the Your**Source** phone number, **(833) 428-4968**)
- Expect a call from your Specialty Pharmacy to schedule delivery of Oxbryta. Please look out for the phone numbers listed on page 5 and be sure to answer the call so your delivery isn't delayed
